Contents

Number 1, January 2008

- 1 **School-based interventions can play a critical role in enhancing children's development and health in the developing world**
M Cortina, K Kahn, M Fazel, T Hlungwani, S Tollman, A Bhana, D Prothrow-Stith and A Stein
- 4 **Children's understanding of psychological problems displayed by their peers: a review of the literature**
E Hennessy, L Swords and C Heary
- 10 **Children's understanding of mental illness: an exploratory study**
C Fox, E Buchanan-Barrow and M Barrett
- 19 **Age differences in perceived social support by paediatric haematopoietic progenitor cell transplant patients: a longitudinal study**
M Barrera, G S Andrews, D Burnes and E Atenafu
- 25 **A survey of rate of victimization and attitudes towards physical violence among school-aged children in Turkey**
S E Deveci, Y Acik and A Ayar
- 32 **Children and firearms in Turkish homes**
S Hizel, H Özcebe, C Şanlı, M Albayrak and S Uner
- 35 **Pictorial and verbal category-ratio scales for effort estimation in children**
B Marinov, S Mandadjieva and S Kostianev
- 44 **Thinness, overweight and obesity in a national sample of Iranian children and adolescents: CASPIAN Study**
R Kelishadi, G Ardalan, R Gheiratmand, R Majdzadeh, M Hosseini, M M Gouya, E M Razaghi, A Delavari, M Motaghian, H Barekati, M S Mahmoud-Arabi, K Lock, for the Caspian Study Group
- 55 **A review of local practice regarding investigations in children attending obesity clinics and a comparison of the results with other studies**
N Leigh-Hunt and M Rudolf
- 59 **Early weaning is related to weight and rate of weight gain in infancy**
S Sloan, A Gildea, M Stewart, H Sneddon and D Iwaniec
- 65 **An exploration of children's views of bed-wetting at 9 years**
R Butler and J Heron
- 71 **Behavioural, developmental and child protection outcomes following exposure to Class A drugs in pregnancy**
J Topley, D Windsor and R Williams
- 77 **Time use in Russian Baby Homes**
L G Tirella, W Chan, S A Cermak, A Litvinova, K C Salas and L C Miller
- 87 **A social support and social strain measure for minority adolescent mothers: a confirmatory factor analytic study**
C B Gee and J E Rhodes
- 98 **Meeting the sexual health care needs of young people: a model that works?**
C Perry and M Thurston
- 104 **Open-label use of placebos in the treatment of ADHD: a pilot study**
A D Sandler and J W Bodfish
- 111 **Children's and parents' perspectives on open-label use of placebos in the treatment of ADHD**
A Sandler, C Glesne and G Geller
- 121 **Critical influences affecting response to various treatments in young children with ADHD: a case series**
S A Heriot, I M Evans and T M Foster

- 134 **Current Literature**
R Reading
- 140 **Erratum**

Number 2, March 2008

- 141 **Hospitalized children's mood differences during play and music therapy**
C Hendon and L M Bohon
- 145 **Access to and use of NHS Patient Advice and Liaison Service (PALS): the views of children, young people, parents and PALS staff**
J Heaton, P Sloper and S Clarke
- 152 **Fathering and adolescents' psychological adjustment: the role of fathers' involvement, residence and biology status**
E Flouri
- 162 **A qualitative study of parents' perceptions of a behavioural sleep intervention**
L Tse and W Hall
- 173 **Aunties and Uncles Co-operative Family Project: the experiences of children, volunteers and parents**
B Beale, L Wilkes, B Power and R Beale
- 180 **Maternal punishment practices in a rural area of Turkey**
K Buldukoglu and K Kukulu
- 185 **An exploratory study of parents' approaches to health promotion in families of adolescents with physical disabilities**
B J Antle, W Mills, C Steele, I Kalnins and B Rossen
- 194 **Parenting and children's cardiovascular functioning**
B G Bell and J Belsky
- 204 **Is adequate parenting compatible with maternal drug use? A 5-year follow-up**
K Street, G Whitlingum, P Gibson, P Cairns and M Ellis
- 207 **Parenting children requiring complex care: a journey through time**
H MacDonald and P Callery
- 214 **Getting the complete picture: combining parental and child data to identify the barriers to social inclusion for children living in low socio-economic areas**
B Davies, E Davis, K Cook and E Waters
- 223 **Elation or frustration? Outcomes following the provision of equipment during the Communication Aids Project: data from one CAP partner centre**
R McDonald, E Harris, K Price and N Jolleff
- 230 **Administration of medicines to children using sports and leisure facilities: a survey of the South West of England**
S Bedwani, A Baverstock and F Finlay
- 234 **Emotional processing in children with conduct problems and callous/unemotional traits**
M Woodworth and D Waschbusch
- 245 **Interrelationship among selected measures of motor skills**
M Haga, A V Pedersen and H Sigmundsson
- 249 **Perinatal and maternal risk factors for autism spectrum disorders in New South Wales, Australia**
K Williams, M Helmer, G W Duncan, J K Peat and C M Mellis
- 257 **Expressive vocabulary in 18-month-old children in relation to demographic factors, mother and child characteristics, communication style and shared reading**
M Westerlund and D Lagerberg

- 267 **Discrepancy between expected and actual child support payments: predicting the health and health-related quality of life of children living in low-income, single-parent families**
K Cook, E Davis and B Davies
- 276 **Symptomatic nutritional rickets in a teenager with autistic spectrum disorder**
C Stewart and A Latif
- 279 **Current Literature**
R Reading

Number 3, May 2008

- 283 **Correlates of sexuality communication among mothers and 6–12-year-old children**
E I Pluhar, C K DiIorio and F McCarty
- 291 **Alcohol use and abuse in adolescence: proposal of an alternative analysis**
C Simões, J M Batista-Foguet, M G Matos and L Calmeiro
- 302 **Health behaviours, risk-taking and conceptual changes among schoolchildren aged 7 to 19 years in semi-rural Sweden**
A Olsson, I Fahlén and S Janson
- 310 **Risk factors for smoking among school adolescents in Greece**
A Damianaki, S Kaklamani, S Tsirakis, R Clarke, N Tzanakis and D Makris
- 316 **The effect of different intervention programmes on the self-concept and motor proficiency of 7- to 9-year-old children with DCD**
A Peens, A E Pienaar and A W Nienaber
- 329 **The relationship between physical fitness and motor competence in children**
M Haga
- 335 **'Always the guiding hand': parents' accounts of the long-term implications of developmental co-ordination disorder for their children and families**
E A Stephenson and R A Chesson
- 344 **Parents of children with cystic fibrosis: how they hope, cope and despair**
M G Wong and S A Heriot
- 355 **Healthcare needs and healthcare satisfaction from the perspective of parents of children with chronic conditions: the DISABKIDS approach towards instrument development**
S Schmidt, U Thyen, J Chaplin, E Mueller-Godeffroy, M Bullinger and the European DISABKIDS Group
- 367 **Family-centred service coordination in childhood health and disability services: the search for meaningful service outcome measures**
B Trute, D Hiebert-Murphy and A Wright
- 373 **Included but isolated: early intervention programmes provision for children and families with chronic respiratory support needs**
R J Graham, D M Pemstein and J S Palfrey
- 380 **Efficacy of the Incredible Years Programme as an early intervention for children with conduct problems and ADHD: long-term follow-up**
K Jones, D Daley, J Hutchings, T Bywater and C Eames
- 391 **The Leader Observation Tool: a process skills treatment fidelity measure for the Incredible Years parenting programme**
C Eames, D Daley, J Hutchings, J C Hughes, K Jones, P Martin and T Bywater
- 401 **Letter to the Editor**
- 403 **Current Literature**
R Reading

Number 4, July 2008

- 409 **Are we following the European charter? Children, parents and staff perceptions**
M Migone, F Mc Nicholas and R Lennon
- 418 **The impact of childhood conditions and concurrent morbidities on child health and well-being**
E Waters, E Davis, C Nicolas, M Wake and S K Lo
- 430 **What helps when it hurts: children's views on pain relief**
L S Franck, A Sheikh and K Oulton
- 439 **The evaluation of tailored and web-based information for new fathers**
R Fletcher, G Vimpani, G Russell and D Keatinge
- 447 **Sure Start: voices of the 'hard-to-reach'**
C Coe, A Gibson, N Spencer and M Stuttaford
- 454 **Updated growth curves for Turkish children aged 15 days to 60 months**
G Gökçay, A Furman and O Neyzi
- 464 **Prevalence of overweight and obesity in urban and semi-urban Jordanian children aged 3–6 years**
A I Ibrahim, Z M Hawamdeh, J T Al-Smadi and B A Ammari
- 470 **Children from low-income families have less access to sports facilities, but are no less physically active: cross-sectional study (EarlyBird 35)**
L D Voss, J Hosking, B S Metcalf, A N Jeffery and T J Wilkin
- 475 **Toilet training in Turkey: the factors that affect timing and duration in different sociocultural groups**
I Koc, A D Camurdan, U Beyazova, M N Ilhan and F Sahin
- 482 **Factors associated with bed sharing and sleep position in Thai neonates**
W Anuntaseree, L Mo-suwan, P Vasiknanonte, S Kuasirikul, A Ma-a-Lee and C Choprapawon
- 491 **An expanded Transactional Stress and Coping Model for siblings of children with sickle cell disease: family functioning and sibling coping, self-efficacy and perceived social support**
J I Gold, M Treadwell, L Weissman and E Vichinsky
- 503 **Associated features of Asperger Syndrome and their relationship to parenting stress**
T Epstein, J Saltzman-Benaiah, A O'Hare, J C Goll and S Tuck
- 512 **Transition pathways for young people with complex disabilities: exploring the economic consequences**
M Knapp, M Perkins, J Beecham, S Dhanasiri and C Rustin
- 521 **Goal Attainment Scaling in paediatric rehabilitation: a report on the clinical training of an interdisciplinary team**
D Steenbeek, M Ketelaar, K Galama and J W Gorter
- 530 **Parenting stress in mothers and fathers of a child with a hemiparesis: sources of stress, intervening factors and long-term expressions of stress**
P R Butcher, T Wind and A Bouma
- 542 **Planning for the end of children's lives – the lifetime framework**
F Finlay, M Lewis, S Lenton and M Poon
- 545 **Current Literature**
R Reading

Number 5, September 2008

- 549 **Are adolescents chronically sleep-deprived? An investigation of sleep habits of adolescents in the Southwest of Germany**
B Loessl, G Valerius, M Kopasz, M Hornyak, D Riemann and U Voderholzer

- 557 **Transition to adult care: experiences and expectations of adolescents with a chronic illness**
L K Tuchman, G B Slap and M T Britto
- 564 **ADHD and transition to adult services – the experience of community paediatricians**
H Marcer, F Finlay and A Baverstock
- 567 **Transitions in the lives of young people with complex healthcare needs**
S Kirk
- 576 **The role of evaluation in the development of a service for children with life-limiting conditions in the community**
C Whitton, C Williams, B Wright, J Jardine and A Hunt
- 584 **Behaviour problems and social competence deficits associated with symptoms of attention-deficit/hyperactivity disorder: effects of age and gender**
L B Thorell and A-M Rydell
- 596 **Inattentive/overactive children with histories of profound institutional deprivation compared with standard ADHD cases: a brief report**
E J S Sonuga-Barke and K Rubia
- 603 **The influence of maternal depression, caregiving, and socioeconomic status in the post-natal year on children's language development**
A Stein, L-E Malmberg, K Sylva, J Barnes, P Leach and the FCCC team
- 613 **How does cot death prevention advice influence parents' behaviour?**
L H Miller, A Fraser, and R Moy
- 619 **Health-related quality of life of very preterm infants at 1 year of age after two developmental care-based interventions**
S M van der Pal, C M Maguire, J Bruil, S Le Cessie, J M Wit, F J Walther and S Veen
- 626 **Internalizing disposition and preschool children's cortisol fluctuations**
I Li and P-S Shen
- 631 **European Society for Social Pediatrics and Child Health (ESSOP) Position Statement: Social inequalities in child health – towards equity and social justice in child health outcomes**
N Spencer
- 635 **Is there a relationship between preferred posture and positioning in early life and the direction of subsequent asymmetrical postural deformity in non ambulant people with cerebral palsy?**
D Porter, S Michael and C Kirkwood
- 642 **Outcome of Newborn Hearing Screening Programme delivered by health visitors**
S Basu, K L Evans, M Owen and T Harbottle
- 648 **A data collection system to audit post-newborn hearing surveillance programme: problems and possibilities**
S Y Yoong and N J Spencer
- 657 **Stress in mothers of preterm infants in Bangladesh: associations with family, child and maternal factors and children's neuro-development**
N Z Khan, H Muslima, M Bhattacharya, R Parvin, N Begum, M Jahan, D Begum, S Akhtar, A S M N U Ahmed and G L Darmstadt
- 665 **Parents' personality and parenting stress in families of children with spina bifida**
I P R Vermaes, J M A M Janssens, R A Mullaart, A Vinck and J R M Gerris
- 675 **Responsive parenting is associated with improved type 1 diabetes-related quality of life**
M Botello-Harbaum, T Nansel, D L Haynie, R J Iannotti and B Simons-Morton
- 682 **Parenting interventions and the prevention of unintentional injuries in childhood: systematic review and meta-analysis**
D Kendrick, J Barlow, A Hampshire, S Stewart-Brown and L Polnay
- 696 **Current Literature**
